PARKING & LOAD IN/OUT

Navigate to: Wilhelminaveld 96, Bergen op Zoom

CAPACITY

700 (standing)
This includes our balcony.

SOUND LIMIT

Gebouw-T has a sound limit of 103dBA LEQ15 at F.O.H. console position.

DRESSING ROOMS

Gebouw-T has two dressing rooms, a large (approx. 30 m²) and a smaller (approx. 20 m²) one.

- Dressing room #1 (large): 10 chairs, a couch, 3 tables, large mirror, refrigerator, shower, toilet, faucet and sink, coat rack, kettle, trash bin.
- Dressing room #2 (small): 4 chairs, a couch, 2 tables, large mirror, refrigerator, shower, toilet, faucet and sink, coat rack, kettle, trash bin.

If the dressing room doesn't offer enough space for band and/or crew, you can use our T-up. Our T-up is located directly next to our dressing rooms and offers plenty of space to hang out!

SMOKING

Smoking inside of our building is not allowed anywhere. You can smoke outside, near our entrance. Here you will find a sign, please only stand near this sign. We kindly ask you not to cause any disturbance for the neighbourhood (e.g. loud noises, bright lights at night) and to keep the area clean.

WIFI

All bands and crew members can use our free Wi-Fi, using the network and password written below:

Network: Gebouw-T Artist

Password: DokterBibber

MERCHANDISE

Gebouw-T has a merchandise booth available. Please let your advancing contact know if you want to use it. The merchandise booth will be placed in our cafe (most of the time).

GUESTLIST

In case of a sold out show, the maximum number of guests are:

Headliner: 10

Support act(s): 5

If you would like to invite more guests, let us know in advance so we can deduct these spots from the maximum capacity.

LOCAL CREW

Depending on the kind of show (concert, dance, or other) Gebouw-T offers a F.O.H. engineer, a monitor engineer and a light engineer. We usually don't provide stagehands, but our technical crew is always willing to help.

TIMESCHEDULE

Your advancing contact will send you a timeschedule for the day of your show. Please check carefully if it'll work and let us know in advance if you would like to see something changed. Get-in is possible from 16:30h.

A typical timing for the day would be (on weekdays, mon – thu):

Get in headliner: 16:30h

Get in support: 17:30h

Dinner: 18:30h

Doors: 20:00h

Support act: 20:30h

Headliner: 21:30h

Curfew: 00:00h

A typical timing for the day would be (on weekends, fri – sun):

Get in headliner: 16:30h

Get in support: 17:30h

Dinner: 19:00h

Doors: 20:30h

Support act: 21:00h

Headliner: 22:00h

Curfew: 01:00h

HOSPITALITY

Gebouw-T considers it important to actively contribute to a greener environment and is therefore seen as a sustainable venue. We try to reduce waste as much as possible, that is why we check your hospitality rider thoroughly and try to replace specific brands for the brands we use on a daily basis. As a result we don't have to order from different suppliers, reducing emissions, and we can reuse products that haven't been opened.

We try to take specific wishes into account as much as possible. If there's something we can't or won't arrange, we will let you know in advance.

We offer a variety of chilled beverages, such as Coca Cola, Fanta, Sprite, Chaudfontaine (flat and sparkling) and beer (Jupiler), fruit and snacks (chocolate bars, nuts and such) as a standard. Coffee and tea is also always available. Please ask your hospitality manager if anything's missing.

DINNER

Gebouw-T offers in-house catering for band and crew (unless otherwise agreed upon). We work with a fixed caterer for this, and therefore we need to know your dietary requirements and/or specific wishes at least one week before the show. This means we like to hear the number of people joining for dinner, if you require vegetarian, vegan or fish only meals and whether or not someone has allergies at least 7 days prior to the day of the show! We can't guarantee that everything is okay if we don't get this information in time.

BACKSTAGE ACCESS

Backstage access is only allowed to the band and entourage. Your hospitality manager will give you an "artist"- or "crew"-wristband if you're listed as travelparty. Wear this, so our staff knows you're allowed backstage.

HOTEL

If a hotel accommodation is part of the deal, we will send you the address and accommodation details and the times for check-in and check-out in advance. Please note that it is prohibited to smoke in your hotel room! Additional costs for cleaning the rooms will be recovered from artist or management. Please notify all concerned persons of this.

PAYMENTS AND PASSPORTS

To be able to pay you, we need passport copies of **all** performing artists. Cash payments on showday are not possible. Please send your invoice to Jos: factuur@gebouw-t.nl.

SECURITY

Gebouw-T works with a fixed security agency. Based on the expected number of visitors, security guards are scheduled. Security is present no later than 15 minutes before the doors open, and leaves after all visitors have left the building.

VOLUNTEERS

Like most pop venues, Gebouw-T also wouldn't exist without the help of volunteers. Our volunteers are promoting our events in the city, they are working during our events (hospitality, bar, cloakroom, entrance, DJ...), but they also clean up afterwards! In return we offer them a safe, informative and pleasant workplace with professional support and opportunities so the volunteers can develop themselves. We offer various courses, an extensive employee package and ofcourse a really nice excursion every year. So next time you order a beer, please give our volunteers a big smile and "thank you", to let him/her know you appreciate them as much as we do!

PROHIBITED

There are some things we can't allow, because they will damage our equipment. So please, **never** use any form of:

- Confetti
- Snow
- Glitter
- Bubble blowers, or similar products that may damage our light and/or sound system.

We will have to charge you for the cleaning costs (depending on the amount of junk left behind) and also the costs for any damage will be charged (all prices ex. VAT).

Never use any form of pyrotechnics, CO2-jets or lasers without previous consent!

IMPORTANT NOTICES

All riders, light plots and technical information must be in possession of Gebouw-T at least one week prior to the show. All riders received after the hereforementioned time span will be dealt with in the best possible way, without any guarantees as to their fulfillment.

VGA/HDMI connection (Stage + F.O.H.)

4. RECORDING & REHEARSAL INFO

Gebouw-T has a professional studio called Studio-T. Where we've chosen to use ultramodern digital mixing tables in our venue itself, we have a great analogue table in our recording studio: a completely restored Solid State Logic 404 E. For those who aren't familiar with these kind of things: in 1985 this table was used for Live Aid in Wembley Stadium, where performances by U2, David Bowie, Queen and Paul McCartney were recorded.

SPECIFICATIONS

Studio-T is a 64 multitrack sound studio with direct connection to the stage and the recording and rehearsal rooms.

POSSIBILITIES

- Pre-production for bands and DJ's
- Try outs (with recording facilities)
- Live registration
- Multi media projects
- Broadcasting
- Workshops
- Training: Digital stage technique, studio technique, and more
- Mixing & Mastering (in consultation)

For more information, please contact us at productie@gebouw-t.nl.

Please note: If you would like a live registration of your show in Gebouw-T, please let us know in advance. You can e-mail your request to productie@gebouw-t.nl. We will send you the footage afterwards.

RESEARSAL ROOMS

In addition to a fully equipped studio, Gebouw-T also has two professionally equipped rehearsal rooms with a high-quality backline. Bands can rent a rehearsal room on a contractual basis (not incidentally) for a half-day per week (4 hours).

Backline:

Unfortunately there's no space for storage of instruments or own backline. However, the following bacline is available in both rehearsal rooms:

- Drum kit (kick, snare, 2x tom, floortom, hi-hat, 2x boomstand + basin)

- 2x guitar amplifier (Ibanez TBX150R + Vox VT50)
- Bass amplifier (Ashdown EB12-180)
- Vocal set (3x microphones)

For more information, prices and availability, please contact Peter: beheerder@gebouw-t.nl
